PROBLEMS WITH YOUR SOFTWARE ?

The methods listed below solve most of the problems when running latest DirectX games.

Checking my system specification

Please take time to **ensure your system meets the configuration requirements**, detailed on the packaging.

The **DirectX Diagnostic Tool** can provide you with information about your system specification if you are unsure of your PC's current specifications. To run the DirectX Diagnostic Tool, click onto the **Start** button and select **RUN**. In the open box type **DXDIAG**. The DirectX Diagnostic Tool appears, giving you access to all details about your system or video and sound cards. It is possible to control if video display and sound are running properly, by clicking on the relevant buttons proposing you to test **DirectDraw**, **Direct3D** and **DirectSound**.

Note: unless you are an advanced user we do not recommend changing any of the **options** in the DirectX Diagnostic Tool.

Before starting your game

In some cases, programs that are running on your system can monopolise resources that the game needs in order to run properly. Not all of these programs are immediately visible, and many activate automatically on start up. There are a number of programs known as "**background tasks**", that are always running on your system. In some cases, these may cause the game to crash or lockup. As such, we recommend that you deactivate these "background tasks" prior to playing.

- If your system is running **Anti-Virus** or **Crash Guard** programs, we suggest you, if you are not advised to do so, to close or disable them before running the game. To do this, find the icon for the program on the Windows taskbar. Right-click the icon and select CLOSE, DISABLE or the relevant option.
- Once Anti-Virus and Crash Guard programs have been disabled, you should end general background tasks as these can sometimes cause problems when installing or running PC games. Consult "How to end all unnecessary general background tasks" section.

Cleaning up the system.

Before you install any software, it is critical that your hard disk be in optimum working order. We recommend that you get into the habit of performing regular "**house keeping**" on your PC. ScanDisk, Disk Defragmenter and Disk Cleanup are the tools that you need to use to keep everything running smoothly. Such good practise offers you the best chance of running today's game with minimum issues. As an added benefit, a clean system will operate more efficiently, and other software applications you use may run more quickly and stably. Consult the Windows Help Guides for information on running the **ScanDisk/Error-checking**, **Disk Defragmenter** and **Disk Cleanup** tools.

Using Windows help

- 1 Click onto the Start button and select Help (or Help and Support for Windows XP users) to bring up the Windows Help Guides.
- 2 Now, click the Search section and in keywords such as "ScanDisk" (Win 98/ME), "Error-checking" (Win 2000/XP), "Defrag" and "Disk Cleanup" to find the guides that help you to run these tools.

Game crashing or locking up?

When running games that use the latest version of DirectX, you must ensure your computer is running the very latest **driver** for your video card. Doing so can help solve crashes and lock-ups in games.

• **First of all**, try downloading the latest driver from the video card manufacturers website. Listed below are the most popular **video card manufacturers**:

Asus: <http://www.asus.com>
ATI: <http://www.ati.com>
Creative Labs: <http://www.europe.creative.com>
Guillemot: <http://www.guillemot.com>
Hercules: <http://www.hercules.com>

Creative Labs: <http://www.europe.creative.com>
C-Media: <http://www.cmedia.com.tw>
Diamond: <http://www.diamondmm.com>
ESS: <http://www.esstech.com>
Videologic: <http://www.videologic.com>
Yamaha: <http://www.yamaha.com>

• **If there is no improvement**, try downloading the latest driver provided by the **video card chipset manufacturer**:

NVidia: <http://www.nvidia.com>
ATI: <http://www.ati.com>
Power VR: <http://www.powervr.com>
Matrox: <http://www.matrox.com>
S3: <http://www.s3graphics.com>
Intel: <http://www.intel.com>
SIS: <http://www.sis.com>

• Choppy or stuttering sound, or sound that cuts in and out? Try downloading and then installing the latest **driver for your sound card**:

How to end all unnecessary general background tasks.

Important note: Ensure that you re-enable background tasks after playing by restarting your computer, doing so will **reactivate automatically** all of the background tasks that you ended.

Windows 98/ME

- 1 Hold the CTRL and ALT keys on your keyboard and press DELETE once. The close program window appears with a list of all background tasks currently running on your system.
- 2 To end a background task, click on its name in the list, then click the End Task button. **Note:** It is important that you **DO NOT CLOSE** the background tasks named **Explorer** and **Systray** as these tasks are necessary for Windows to operate. All other background tasks may be closed.
- 3 The Close Program Window closes and the task is ended. Repeat the above steps to close down any/all other background tasks.

Windows 2000/XP Professional

- 1 Hold the CTRL and ALT keys on your keyboard and press DELETE once. The Windows Security window appears.
- 2 Click Task Manager to open the Windows Task Manager. To end a background task, click on its name in the list under the Application tab, then click the End Task button. **Note:** Depending on your settings, when pressing CTRL, ALT and DELETE some Windows 2000/XP Professional users may bypass the Windows Security window and go straight to the Windows Task Manager.

Windows XP Home

- 1 Hold the CTRL and ALT keys on your keyboard and press DELETE once. The Windows Task Manager window appears.
- 2 To end a background task, click on its name in the list under the Application tab, then click the End Task button.

If you finally decide to call the hotline:

Before making your call, we ask you to **sit at your computer**, have the following information available (see "Checking my system specification"), and be ready to take notes:

- System Make and Model
- Processor Type
- Operating System, including version number if possible (such as Windows® 98/Windows® Me)
- RAM (Memory)
- Video and sound card data and drivers
- Any screen or error messages you've encountered (and where)

SETUP AND INSTALLATION

THE README FILE

Marc Ecco's Getting Up®: Contents Under Pressure has a ReadMe file where you can view both the License Agreement and updated information about the game. We strongly encourage you to read this file in order to benefit from changes made after this manual went to print.

To view this file, double-click on it in the Marc Ecco's Getting Up®: Contents Under Pressure directory found on your hard drive (usually C:\Program Files\Atari\Marc Ecco's Getting Up - Contents Under Pressure). You can also view the ReadMe file by first clicking on the Start button on your Windows® taskbar, then on Programs, then on Atari, then on Marc Ecco's Getting Up - Contents Under Pressure, and then on the Readme file.

INSTALLATION INSTRUCTIONS

1. Start Windows® 2000/XP.
2. Insert the Marc Ecco's Getting Up®: Contents Under Pressure disc into your DVD-ROM drive.
3. If AutoPlay is enabled, a title screen should appear. If AutoPlay is not enabled, or the installation does not start automatically, click on the Start button on your Windows® taskbar, then on Run. Type D:\Setup and click on OK. Note: If your DVD-ROM drive is assigned to a letter other than D, substitute that letter.
4. Follow the remainder of the on-screen instructions to finish installing Marc Ecco's Getting Up®: Contents Under Pressure.
5. Once installation is complete, click on the Start button on the Windows® taskbar and choose Programs/Atari/Marc Ecco's Getting Up - Contents Under Pressure/Getting Up! to start the game.

Note: You must have the Marc Ecco's Getting Up®: Contents Under Pressure game disc in your DVD-ROM drive to play.

INSTALLATION OF DIRECTX®

Marc Ecco's Getting Up®: Contents Under Pressure requires DirectX® 9.0c or higher in order to run. If you do not have DirectX® 9.0c or higher installed on your computer, click "Yes" when asked if you would like to install it.

SAVING AND LOADING

Marc Ecco's Getting Up®: Contents Under Pressure has an autosave feature. Once you start a new game, the game automatically saves after each level. To load a previously saved game, select Load Game from the Main Menu and choose the profile name you want to load. You may choose to disable the autosave feature in the Options menu.

THE STORY

You are Trane, a "toy" graffiti artist with the street smarts, athletic prowess and vision to become an "All City King" - the most reputable of all graffiti artists. Along your quest, uncover the mayor's deep, dark secret... and use your fighting talents and highwire graf to expose the city's leader as a corrupt tyrant.

As you struggle to save a neighbourhood from an oppressive government, one question stands out: What if graffiti could change the world? Risk your life battling city authorities and rival graf gangs - mere obstacles in your attempt to get your tag up. And in this city, not just any tag will do. You'll have to "Get IN, Get UP and Get OUT".

TRANE

TRANE (TALIB KWELI)

Sometimes the least likely hero emerges in the face of extreme adversity. An outcast and a rebel, Coltrane "Trane" Crowley begins his journey as a Toy a novice writer concerned only about getting his name up all over the city of New Radius. But this is no ordinary city, it's ruled by the tyrannical Mayor Sung and his battalion of goon enforcers. And, as Trane soon discovers, it's a city filled with dark secrets that threaten not only graf writers, but the entire population. Soon, with his own Still Free crew covering his back and the tools and techniques of various graf legends in his arsenal, he's ready to rise to the rank of All City King and take on the Mayor one message at a time. A natural born athlete, he's got enough muscle and street smarts to navigate this ultimate urban jungle while causing some serious damage to rival crew members, the roving Vandal Squad, or the heavily armed militia known as the CCK. Even the best graf writer in town knows, you're only as good as your last tag, so make sure it's unforgettable.

TRANE

TRANE

GABE #33 (Michael Berrin, AKA MC Serch)

Gabe is the leader of the Vandals of New Radius (VaNR). He's a diehard New Radius Stunners fan and has adopted the jersey of his favourite player, number 33, Vance "Vandal" Dallister. Gabe has a reputation as a badass and is ready to cause problems for any Toy trinôme to get up on VaNR turf. He's rarely without his girlfriend, Tina, and you can always spot his pieces by the royal blue, orange and white paint. One more thing - Gabe's got a fear of heights, so he has his crew hit the heaven spots for him. Not a good look for someone trying to maintain his rep.

"GABE #33"

INNAIS
F NEW
RADIUS

TINA (ROSARIO DAWSON)

Talented and hot, Tina would give even an All City King the shakes. But beneath all that buff goodness rests an easygoing, down-to-earth kind of girl. She's got intelligence and a fist full of dreams, working at "Scrapyard" to save enough money to eventually break out of New Radius. But for now she's happy building her blackbook and spreading her good nature (and a little free paint) around. Tina loves Gabe - but he's always putting her down for hanging out with other writers at the store. If Gabe doesn't watch it, he might lose more than just bragging rights to Trane.

The New Radius Standard, November 8, 1985

KRY-1 (GIOVANNI RIBISI)

Kry-1 is a trust fund kid whose only ambition is to roll with the big boys. At first, Trane thinks this kid's wack, but without him there would be no Still Free crew. It's not his tagging skills that keep him at Trane's side; it's his uncanny ability to find a way into the hardest to reach each spots of New Radius and to navigate the underground as if it's his second home.

WHITE MIKE (CHARLIE MURPHY)

Don't be fooled by the nickname. He's been known as White Mike since he was four and if it didn't make such a great graf name, he'd probably beat you senseless for using it. This giant's got a punch like the backend of a mule and a deep-seeded desire to share it any and every chance he gets. He isn't really much of a writer – but he digs the scene and can always be found hanging with his crew. Bottom line: White Mike is easy to bug and hard to miss.

KAREN LIGHT (BRITTANY MURPHY)

Look to the light and you'll find the truth. The face of Network New Radius Channel 6's "E-NNR-G Y", Karen Light has always loved the spot light and wants nothing more than to be a star. She knows a good story when she hears one, and the underground graf campaign against Mayor Sung is a sure fire ratings puller. Are you ready for your close-up, Trane?

MAYOR SUNG (GEORGE HAMILTON)

They say power corrupts – but not Mayor Miguel Sung. A former DADA who ran for Mayor on promises to rid the city of juvenile delinquents and "make the streets shine like sterling silver", Sung's risen through the ranks of New Radius with the smile of an angel and the soul of a serial killer. The media loves his savvy charm, off-the-cuff humour and his knack for delivering the perfect sound byte. But remember, you can fool some of the people some of the time, but you can't fool all of the people all of the time.

AUNT BETH (ANDY DICK)

To the casual passerby, she's nothing more than a crazy bag lady roaming the streets of New Radius. In reality, Aunt Beth is a graf writer's worst nightmare – the infamous big boss of the CCK's undercover unit known as the Vandal Squad. A behemoth battle axe, Aunt Beth gives no mercy to any writer who crosses her path. She uses her smarts to start beefs between rival crews, and because she used to be a writer, "Aunt B" knows exactly how to find them. Like she always says, "Let the little rats kill themselves; save the big rats for me."

CHIEF HUNT (ADAM WEST)

He's the top cop and he's strictly old school. Chief William Hunt is Mayor Sung's right hand man, but that doesn't mean he's all bad. 25 years on the job and a working class Cuban upbringing means he understands the streets and has a certain respect for the smart perp – as long as he's dragging them through the precinct doors. His credo? "Stomp out the rats!"

CCK Guard

The beat cop of New Radius. A low level grunt that doesn't see past his paycheck, but enjoys cracking a few heads along the way. Their weapon of choice is a PR24, and there's a few graf artists that can tell you what that feels like. One-on-one with the Orange Light and a writer's got a good chance – any more than that and running starts looking good.

CCK Gunman

Well-trained. CCK Gunman pack SMGs and they aren't afraid to use it. Which you are. So keep it stealthy when these guys are around.

CCK Silver Gunman

Trane does not want to tangle with Silver Gunmen unless he has a clear exit strategy

CCK Silver Guard

The next level of law enforcement within the CCK. The Mayor creates this elite guard to safeguard his pride and joy – the new, improved, 'graffiti proof' Silver Trains. With well advanced combat skills, the Silver Light are not to be messed with.

TKID LEGEND

T-Kid 170 (Terrible Kid) began by writing on trains in 1974 and continues his art today by painting many murals in his hometown of the Bronx. He is regarded by his peers a highly influential master for his graffiti style and design. He teaches Trane how to paint murals.

SMITH LEGEND

From Washington Heights, Smith was one of the most notorious writers ever and defined a new culture of graffiti by going above ground and sneaking his way into heaven spots to place his tag. Smith has since been commissioned to do murals for businesses of all types. He provides Trane with sneaking and stealth techniques.

SMITH

LEGEND

FUTURA

A presence since the early 1970s, Futura has gone on to become involved in creating a vehicle for writers to pursue careers as professional artists at Esses Studios. Introduces Trane to a graffiti artist's black book.

LEGEND

SEEN

Bronx-born artistic prodigy well-known for painting entire subway cars from top to bottom, and one of the first artists to put his works to canvas. He is widely regarded as a leader of the school of graffiti art, and his works can be found in private collections and museums. Shows Trane how to bomb entire subway cars.

LEGEND

COPE 2

The notorious 'Bronx bomber and destroyer' began by tagging New York City subway cars, by 1983 he was the king of 2,4 and 5 subway lines. Cope 2 shows Trane the skills needed to successfully tag the subway system.

LEGEND

OBEY

Shepard Fairey was a student at the Rhode Island School of design when he created the now famous sticker of Andre the Giant with the words OBEY. This experiment in phenomenology demonstrates the impact and influence a street artist can wield. Opens Trane up to the world of wheat-Pasting.

VANDAL SQUAD COPS

The New Republic Standard, Wednesday, March 8, 2006

The undercover unit of the CCK. Fat, balding thugs that often pose as vagrants to blend into the urban sprawl, haunting the underground subway tunnels and roundabout spots.

They love to catch the drop on unsuspecting writers in action and introduce them to the pleasures of the stainless steel shock baton.

IN-GAME INTERFACE

As the story unfolds, you'll receive objectives for completing each level. These might include graffiti-under-pressure scenarios, navigational challenges or stealth-based objectives. As you explore each level, you will also find bonus objectives: Legend Objectives and Hidden Objectives. These secondary objectives are not required to finish the level, but earn you Rep points (see Rep Points on page 28).

HEALTH

This represents Trane's current Health Level. You can increase Trane's health by picking up Extend Health Pickups (see Page 31). You can increase Trane's Health Bar permanently by finding the secret Messenger Bags stashed throughout the city. When your health reaches zero, you lose the level and can choose to start over at the most recent save point.

SKILLS

The Skills Meter shows Trane's current Power Level. You'll need your Skills to be charged if you want to land a Power Move (see Power Moves on page 29). You can increase Trane's Skill Bar permanently by finding the secret Messenger Bags stashed throughout the city.

REP

The Rep Meter shows Trane's reputation score for the current level (see Reputation on page 28).

INTUITION

Trane has an instinctive ability to zero in on graffiti "sweet spots," Legendary Pieces and other important objects in the environment. When you use Trane's Intuition, important locations and items are represented by the following:

Graffiti "sweet spots" are marked with glowing Xs. Colour is also important: Orange Xs indicate Required Mission Objectives; Blue Xs indicate Bonus Objective locations.

Interactive objects flash to indicate that Trane can use them. Intuition also reveals security cameras, allowing Trane to avoid their attention.

USING INTUITION

There are two ways that you can activate Trane's Intuition: Press the F key once or press and hold the F key.

Pressing the F key once allows Trane to quickly look for visual clues while he is still moving. For several seconds, Intuition clues in Trane's field of vision will glow. You can move the mouse to shift Trane's field of vision.

When you press and hold the F key, Trane immediately stops moving and the camera switches to first-person view. Trane will stay in this mode for as long as you hold down on the F key, and Intuition clues within Trane's field of view will glow. Move the mouse to shift Trane's field of vision. Release the F key to exit Intuition mode.

Warning: While Trane is in Intuition mode, his movement is halted but the game world is not. You must remain aware of Trane's surroundings.

GRAFFITI

Trane uses his urban Intuition (“street smarts”) to locate prime graffiti sweet spots, Well-painted pieces earn you Rep Points, which translate into improved Skills. There are a maximum number of Rep Points you can earn in any mission, indicated by the Rep Meter (see Rep Score on page 28).

Trane will have the following tools at his disposal:

- Aerosol
- Marker Pen Tags
- Stickers
- Stencils
- Posters*
- Rollers

Trane's graffiti style will evolve as his Skills improve. As you discover the works of Legendary Graffiti Artists and capture them with the digital camera (see “Graffiti Legend” on page 33), Trane's knowledge will grow and his own methods for expression will mature. As Trane's Rep improve, he will unlock additional tagging tools.

Trane will also learn to create larger, more artistic pieces such as murals, Roll-Ups, Wheat-Pastes and Wildstyles.

APPLYING GRAFFITI

There are two kinds of graffiti in Marc Ecko's Getting Up®: Contents Under Pressure: freeform tags that Trane can put on almost any surface using the tools in his inventory, and prime pieces, which go in the sweet spots marked as glowing Xs when Trane uses his Intuition.

INVENTORY WHEEL

Before Trane can apply a Freeform Tag, you must first choose a graffiti tool. To apply a Freeform Tag, first choose a graffiti tool. Press and hold the Tab key to display your inventory and then use movement key to highlight the tool you want to use. Release the Tab key to select the highlighted tool.

Trane will use this tool for all Freeform tags until you choose another.

FREEFORM TAGS

Press and hold the centre mouse button (CMB) when Trane is facing a wall or other paintable surfaces, and a ghost image of the art will appear. While holding the CMB, press the RMB or the LMB and Trane will apply the art.

Trane can lean down or reach up to lower or raise the position of the piece. To place a high freeform tag, press W key. To place a low freeform tag, press S key.

To change the graffiti style, press the 2 key or 4 key. To change the graffiti colour, press 1 key or 3 key.

PIECES

There are prime spots in New Radius where a well-placed tag will earn Trane massive Rep Points. Use Trane's Intuition (F key) to spot them (see Intuition on page 25).

Once Trane has located a prime spot, move him in front of it and then press and hold the CMB. Press the LMB or RMB and move the mouse to make Trane paint.

While Trane is tagging, move the Mouse to make Trane look around.

GRAFFITI SCORING

Trane earns Rep points for tags based on five qualities: Go Big, Go Over, Heaven Spot, Time, and No Drips.

Go Big: Completing a larger piece. To go big, press the up or down arrow before applying a piece. Big pieces don't fit in all locations.

Go Over: Complete a dangerous piece over a rival tag.

Heaven Spot: Complete a piece high above ground level.

Time: Complete a piece quickly and without interruption.

No Drips: Complete a piece without drips.

REPUTATION

Reputation is how Trane's progress is measured. Each time Trane completes a Graffiti objective, his Reputation score increases (indicated by the Rep meter). Rep Points convert into Unlocks, including new Graffiti Tools and Styles, Combat Abilities, Fight Arenas and Concept Artwork.

OBJECTIVES

In each mission, Trane only needs to complete all of the required mission objectives to advance to the next mission, however, completing the bonus objectives hidden in each level earns more Rep points. The total number of potential and completed objectives for each bonus category is listed in the Pause Menu.

REP SCORE

Your Rep score is displayed as a horizontal bar beneath the Skills meter in the upper-left corner of the screen. The filled-in portion represents how many Rep points Trane has earned on the mission so far.

The number of Rep points earned is based on the difficulty of the objective and, for some graffiti pieces, the quality of Trane's work (see Graffiti Scoring on page 27).

Unlocks you earn are available once you return to the Game Information Menu. Select Unlocks at the Game Information Menu. The Unlocks Lists also shows the next item to unlock and the amount of Rep you will need to unlock it.

COMBAT GRABBING

When Trane's hands are free, you can grab most opponents by pressing the LMB and the RMB simultaneously. Once Trane grabs an opponent, rapidly press the LMB and LMB to pull your opponent. Follow through by pressing the RMB and Trane will perform a punch attack or press the RMB to make Trane perform a knee attack or press the movement keys to make Trane toss the opponent in the required direction. Try aiming opponents at walls or ledges!

STUNNING

There are 2 types of stuns, one causes weak opponents to land on one knee, while the other causes weaker enemies to double over. Press: Forward, Forward + LMB, or Forward, Forward + RMB.

INSULTING

These are special moves where Trane can insult rivals by openly shaming them. Be careful though, nobody likes to be humiliated! You can only insult a stunned opponent. Experiment with different buttons to find the best insult combinations.

BLACK BOOK

Trane's Black Book contains Graffiti Legends, Mission Graffiti, and Credits. This book is a Graffiti Artist's life and is located at the Main Menu.

Use the movement keys or arrow keys to move the cursor to highlight an item and press Enter key to select it. Press Esc key to return to the previous menu.

MISSION GRAFFITI

Before you begin a level, select graffiti pieces and Freeform Tags you want Trane to use in the next mission in the Mission Graffiti pages. If you do not select any pieces the game selects default pieces in each category for each mission. To change the default art, press the directional keys to highlight a category and press Enter key to go to that category.

PIECES GRAFFITI PAGE

At the Pieces Graffiti page, you choose pieces that you will use on a mission, or use the pieces already assigned on the train ticket. These are the pieces Trane Uses to bomb bonus "sweet spots" (see Intuition on page 25). You can select any of the graffiti pieces you've unlocked and carry up to four style and / or colours.

To change a piece, use the move forward and back keys (W and S) or arrow keys to select a piece slot and press the Enter key, then choose the type of graffiti you wish to use (Murals, Roll-Ups, Throw-Ups, Wheat Paste, Wildstyle) by moving the selector with the arrow keys and pressing Enter. Use the up and down arrow keys or the W and S keys to select a piece, and the left and right arrow keys or the A and D keys to change the colour. Once satisfied with the piece and colour, press Enter to use the selected piece. Repeat until all four graffiti slots are filled (Note that in some levels a graffiti slot may be locked, disallowing any changes to the piece selected in that slot.) Press Esc to return to the previous menu.

FREEFORM GRAFFITI

At the Freeform Graffiti page, you choose the Freeform art that Trane will use on the next mission. These are the pieces you use to complete Bonus Freeform Challenges (see Intuition on page 25). There are five Freeform categories:

- Stickers
- Aerosol
- Marker
- Stencils
- Posters

To change a Freeform Tag on the train ticket, select a type of Freeform to use (Stickers, Marker Tags, Stencils, Posters). Then use the arrow keys or the movement keys (W and S) to highlight a graffiti slot to change, and press Enter. Then select a graffiti piece and press Enter to choose that piece. Repeat Until all four graffiti slots are filled.

As you earn Rep points, you will unlock new Freeform Tags.

GRAFFITI LEGENDS

When you use Intuition and spot a Crown icon, move Trane to that location, then press the E key; Trane will take a picture with his Digital Camera. Capturing a Graffiti Legends piece in the game makes it available for viewing in your Black Book

Select Graffiti Legends at the Black Book Main Page to check out info and art of all unlocked Graffiti Legends.

There are 56 Graffiti Legends whose art you can find and photograph in the game:

WELKOM BIJ NEW RADIUS

In een wereld waarin graffiti en rechtspraak zijn verbannen verrijst een onwaarschijnlijke held, die zijn buurt wil redden en een legende in zijn stad wil worden. Jij speelt Trane, een getalenteerde graffitikunstenaar die de gevaren van de stad kent, over waanzinnige atletische vermogens beschikt en van zich wil doen laten spreken. Je leeft je uit in de graffitijsport en zet alles op het spel om de gevaarlijkste sweet spots van de stad te bereiken, waar een goed geplaatste piece respect afdwingt en je reputatie vergroot.

In Marc Ecko's Getting Up®: Contents Under Pressure moet je jezelf als graffitikunstenaar bewijzen op diverse plekken, variërend van lay-ups in ondergrondse metrostations en bovengrondse bombings waarbij je 'silvers' op de treinen aanbrengt, tot het op duizelingwekkende hoogten schrijven van tags op de wolkenkrabbers in New Radius. Bouw je vaardigheden op. Begin als toy met stickers en markeerstiften, om uiteindelijk king van de stad te worden met een arsenaal van wildstyles, rollups, stencils en wheatpastes. Maar je hebt meer dan graffitivaardigheden nodig om de corrupte politiestaat te overleven die jou en alles waar jij voor staat uit wil roeien.

VÄLKOMMEN TILL NEW RADIUS

I en värld där klotter är förbjudet och rättvisan har blivit kriminaliserad har en osannolik hjälte klivit fram för att rädda sina medmänniskor och blivit en storstadslegend. Du ikläder dig rollen som Trane, en talangfull klottrare med smarta egenskaper som lämpar sig för storstadsgungeln, ett imponerande atletiskt rörelsemönster och en beslutsamhet som ingen kan ignorera. Du hänger dig helt åt klottersporten och riskerar allt för att nå ut till stadens farliga områden, där ett välplacerat klotter inger respekt och ett grundmurat rykte.

I Marc Eckos Getting Up måste du visa vad du kan åstadkomma på platser som gångtunnlar, förbipasserande "silvertåg" och de vertikala höjderna i New Radius. Utveckla dina färdigheter genom att börja med ett leksaksset med klistermärken och märkpennor och gå vidare till att bli stadens klotterkung med hjälp av en uppsättning vilda stilar, rullar, stenciler och klister. Men du behöver mer än din klotterexpertis för att överleva i den korrumperade polisstat som är fast besluten att sätta stopp för dig och det du representerar.

TERVETULOA PELAAMAAN NEW RADIUS PELIÄ

Maailmassa, jossa graffiti on kielletty ja oikeus lainsuojaton, epätodennäköinen sankari nousee pelastamaan asuinalueensa. Hänestä tulee urbaani legenda. Pelaat Tranena, lahjakkaana graffiti-taiteilijana, joka on kotonaan kaduilla ja omaa uskomattomia atleetisia kykyjä sekä intohimon jättää merkkinsä ympäristöönsä.

Elät graffitin maailmassa ja vaarannat kaiken päästäksesi kaupungin parhaisiin kohteisiin, missä hyvin sijoitettu kuva tuo kunnioitusta ja mainetta.

Marc Eckon Getting Up pelissä sinun on osoitettava kykysi graffititaiteilijana metroasemista maan päälle, missä junat viuhahtavat ohitsesi, ja aina New Radius korkeuksiin. Kasvata taitojasi tarroista ja tussikynistä kaupungin kingiksi, jonka arsenaaliin kuuluvat maalitelat, mallimuotit ja ruiskumaalit.

Mutta tarvitset muutakin kuin graffititaitoja selvitäksesi korrupoituneessa poliisivaltiossa, joka haluaa tukahduttaa sinut ja kaiken, mitä edustat.

BEM VINDO A NEW RADIUS

Num mundo onde os graffiti foram banidos e a justiça foi anulada, um improvável herói surgiu para salvar o seu bairro e tornar-se numa lenda vida. Tu jogas no papel de Trane, um talentoso artista de graffiti com desenviltura para se mover na cidade e força interior para deixar a sua marca. Vais viver o desporto dos graffiti, arriscando tudo para chegares aos locais perigosos da cidade, onde uma peça de graffiti bem colocada trará respeito e reputação.

No Marc Ecko's Getting Up®: Contents Under Pressure, deverás provar o teu valor como desenhador gráfico desde as pinturas subterrâneas do metro, à profusão de desenhos à superfície, à medida que deixa de ser possível usar os comboios, e às marcações totais das fachadas dos edifícios de New Radius. Constrói os teus talentos a partir de um Brinquedo com autocolantes e marcadores até te tomares o Rei de Toda a Cidade com um arsenal de estilos, rolos, matrizes e colas. Mas vais precisar de mais do que Capacidades graffiti para sobreviveres ao estado de corrupção da polícia que te quer pôr a ti fora do sistema e a tudo o que representas.
